

| Missions | Impact themes | Specific themes | Beneficiaries | Outcomes | What do you expect to see? | What would you love to see? |
|---|--|--|---|---|--|--|
| State your missions here using past its of different colours for each mission | Move in this column the impact themes that are mostly at stake in your mission-driven strategy of TU | According to the selected impact themes, choose now the specific impact contribution | List down the different types of beneficiaries associated to the identified specific themes. Beneficiaries may include children, young people, University Professors, families, etc. The more you are specific, the better you can tailor your temporary uses strategy! | Select the outcomes that, across impact contributions, will provide an evidence of your success. Draw a line between outcomes and impact contributions - one outcome can be connected to multiple impact contributions! | For each type of beneficiary and related outcome, state what you expect to see, understood as a minimum viable result. | For each type of beneficiary and related outcome, state what you would love to see, understood as your higher aspiration (evidence) of change. |
